The marking criteria of each item is evaluated on the most advantageous bid basis, which is mentioned in the SBD, against its specification with a detailed description of static and dynamic marking (sheets are enclosed).

The technical evaluation includes information on the following bidders who qualified in the total technical marks and received a status of qualified or disqualified in the item-wise technical specifications. (sheets are enclosed)

So, the Procurement Committee decided to open financial offers from qualified bidder for the items for which their technical marks were found to be substantially responsive.

Meeting ended with the vote of thanks to and from the Chair.
