

## **DR. Muhammad Saleh (MBBS)**

**Email: m.saleh25471@gmail.com**

**Contact: +923131285332**

**Address: Khanpur District Shikarpur**

I am a doctor with experience in **general medicine, surgery, ENT, and psychiatry**. I'm good at talking to patients, understanding their problems, and explaining medical things clearly.

I'm a team player and can work well with other healthcare professionals. I'm eager to contribute my skills to a dynamic healthcare setting.

## **Work Experience**

---

### **House Job Experience (Chandka Medical College Larkana)**

#### **ENT Ward (3 Months)**

- Gained proficiency in **diagnosing** and managing **common ENT conditions** including sinusitis, **otitis media**, **tonsillitis**, and **allergic rhinitis**.
- Developed practical skills in performing **minor ENT procedures** such as **ear syringing**, **nasal endoscopy**, and **foreign body removal**.
- Enhanced patient communication by effectively explaining **complex ENT concepts** in clear and understandable terms.

#### **General Surgery Ward (3 Months)**

- Acquired in-depth knowledge of various **surgical techniques** and **postoperative care protocols**.
- Developed **meticulous skills** in wound care and **dressing management**, ensuring optimal healing.
- Actively participated in **surgical procedures**, gaining hands-on experience in assisting the surgical team.

### **General Medicine Ward (3 Months)**

- Gained expertise in diagnosing and managing a wide range of medical conditions, including **respiratory, cardiovascular, and gastrointestinal** disorders.
- Enhanced ability to **interpret laboratory tests** and imaging studies, aiding in accurate diagnosis and treatment planning.
- Developed effective communication skills to provide clear **patient education** and **counseling**.

### **Psychiatry Ward (3 Months)**

- Developed a comprehensive understanding of various **mental health disorders**, including **depression, anxiety, and bipolar disorder**.
- Gained valuable experience in patient counseling and **therapeutic interventions**, such as **cognitive-behavioral therapy and supportive therapy**.
- Actively participated in **psychiatric assessments** and treatment planning, contributing to the overall care of patients.

## **EDUCATION**

---

### **Bachelor of Medicine, Bachelor of Surgery (MBBS)**

**Chandka Medical College, Larkana, Pakistan**

#### **Journey Highlights:**

- **Clinical Expertise:** Honed strong clinical skills through rigorous training and rotations.
- **Ethical Commitment:** Cultivated a deep understanding of medical ethics and professionalism.
- **Patient-Centered Care:** Gained valuable experience in providing compassionate patient care and effective communication.

## Certificates

---

- **Valid PMDC Certificate (May 2026)**
- **PMDC Registration Number: 894140-02-M**
