Advanced

With background in healthcare and focus on patient care, I bring strong communication and empathy to every interaction. Adept at managing multiple responsibilities, handling emergencies with calmness, and working collaboratively with diverse teams. My commitment to learning and adaptability ensures that I am well-prepared to support both patients and colleagues effectively.

EXPERIENCE

June 2016 - June 2017

House Officer Chandka Medical Hospital Larkana, Larkano, Pakistan

- Responded to emergency calls, delivering critical care interventions in high-pressure situations.
- Completed ward rounds with consulting staff and discussed patient treatment plans.
- Implemented infection control measures, adhering to strict hygiene protocols to prevent the spread of disease.
- Participated in multidisciplinary case conferences, contributing to holistic patient care planning and discharge processes.
- Conducted initial patient assessments, obtaining vital signs and medical histories to facilitate accurate diagnoses.
- Visited all in-patients on a daily basis and documented relevant clinical notes.

EDUCATION

2016

MBBS

SMBB MEDICAL UNIVERSITY, Larkana, SD
