● WORK EXPERIENCE

01/10/2022 – CURRENT Karachi, Pakistan

RESIDENT MEDICAL OFFICER (ON LOCUM BASIS) SHED HOSPITAL (TERTIARY CARE HOSPITAL)

- Conduct comprehensive assessments of ER patients, making rapid and effective decisions to guide initial patient care and management.
- Lead ICU team operations, coordinating with support staff to ensure high-quality, patient-centered care.
- Participate actively in consultant rounds, documenting notes, conducting diagnostic tests, and following up on results to facilitate seamless care continuity.
- Communicate procedures, test results, and treatment plans to patients in clear, understandable terms, promoting informed decision-making and comfort.
- Obtain thorough patient medical histories and conduct detailed physical and systemic examinations to support accurate diagnosis and treatment planning.
- Deliver CPR and other critical life-saving interventions, such as central venous catheterization, double-lumen catheterization, and lumbar punctures when necessary.
- Record and maintain up-to-date patient information, including medical histories, reports, and examination findings, ensuring accuracy and accessibility.
- Provide guidance to patients and community members on health maintenance, including advice on diet, hygiene, activity levels, and disease prevention.
- Monitor patient conditions and progress, reassessing and adjusting treatments as needed to optimize outcomes.
